

Direct Democracy Ireland

a national citizens movement

Financial Statements for Direct Democracy Ireland, a national citizen's movement for year ending 31st December 2021

These accounts are for the Head office which is located at the **26 Park Wood, Grange Rath, Drogheda** and applies to all known income and expenditure to the best of our knowledge. These accounts have been prepared under FRS102, under the accruals basis. This will mean that all income and expenditure which occur between 1st January 2021 and 31st December 2021 will be recognised when occurred. These accounts are being prepared on the basis that DDI/NCM is an ongoing concern.

Overview of Direct democracy Ireland, a national citizen's movement

The party was set up in 2012 and underwent major changes in 2014 when a National Executive was established to give administrative guidance to the operations of the party. This executive is answerable to the paid members of DDI/NCM under a system of recall. The Executive is made up of Leader (Pat Greene), Chairperson (Joseph Cunningham), Secretary (Noel Reid), Treasurer (Gerard Flood) and up to 4 additional executives established on a need basis. The only income received by the party is from donations and membership yearly fees which currently stand at €10 per annum. Therefore, these accounts will be for the operation by this executive to account for all income and expenditure received. There is one accounting unit for this party with a Party Bank Account established with Bank of Ireland.

Statement of accounting Policies

All income received by DDI/NCM is recognise when it is received and Expenditure is accounted for when it is paid. If any expenditure is unpaid by year end, then accruals is recognised for this unpaid expense. As DDI/NCM do not have any full/part time employed persons, no provision for Pensions contributions is recognised. This organisation is entirely voluntary. Depreciation policies will apply when DDI/NCM have plant, property and equipment, therefore no depreciation values have been included in these accounts. But when that situation changes, then IAS 16 will apply.

As DDI/NCM does not receive any State or EU funding, this organisation is entirely voluntary entity.

SOCI for year ending 31st December 2020

SOCI year ending 31st December 2021

Income	Note	€	€	€	€
